

## Deep Blue Sea (P. Odgers)

Baby, let your spirit fly  
Be crazy, live before you die  
And maybe, that twinkle in your eyes  
Will save me, now we're gonna fly across that

Deep blue sea  
Deep blue sea  
Deep blue sea  
That deep blue sea

Baby, let your spirit roar  
Be crazy, that's what life is for  
And maybe, we're gonna open up that door  
And you'll see, then we're gonna soar across that

Deep blue sea  
Deep blue sea  
Deep blue sea  
That deep blue sea

Baby, let your spirit fly  
Be crazy, you gotta live before you die  
And maybe, that twinkle in your eyes  
Will save me, then we're gonna fly across that

Deep blue sea  
Deep blue sea  
Deep blue sea  
That deep blue sea
